Dear Recipient

I am currently researching intern in the field of web developer and through JobsNepal.com, I found out that your company has been currently looking for a trainee software engineer on PHP.

As you will see from the enclosed resume, my education and academic accomplishments are in education and academic accomplishment fields respectively. I hope to learn new skills and transfer the skills that I have in web developing.

If you have questions, please contact me by phone or email from the enclosed resume. I appreciate your time in considering my request.

Sincerely,

Neerajan Rai
